Building Bridges to a Stronger Economy: Part II

Registration is now open!

This is a follow-up to Piedmont Together's Equity Summit held on December 4, 2014. This meeting will focus on regional equitable solutions with an emphasis on discussion and input from attendees. At the conclusion of the 2014 Summit three Regional Equity Action Teams were formed around Job Creation, Opportunities for All and Building Education and Career Pathways for all Youth.

The Regional Equity Action Teams will present and discuss specific strategies that can be employed in communities across the Piedmont Triad. Attendees will have the opportunity to engage in discussion with the teams.

A Mobile tour will take place in the morning prior to the start of the summit. This optional tour will provide a first-hand look at the equity issues the Regional Equity Action Teams are addressing.

Don't miss this "region changing" event! Be part of the movement.

Piedmont Together is a comprehensive project designed to build a resilient, prosperous economy and a better quality of life for all of North Carolina's Piedmont Triad residents.

Using equity as its lens, Piedmont Together provides a space for non-profits and local governments to come together and develop regional solutions to address the needs of each community in the region.
